

Idiot's Kitchen Shopping List – Guacamole

Recipe from www.idiotskitchen.com

4 ripe avocados*
1 medium tomato
¼ cup onion
1 clove garlic
1 jalapeno
½ cup cilantro
1 – 2 limes

½ teaspoon cumin
Salt & Pepper

*If the avocados at your store are hard as rocks, bring them home and store them in a paper bag on the counter (or near the bananas) and they will ripen nicely in a couple of days.

*If your avocados get ripe too soon, put them in the refrigerator and it will stop the ripening and buy you a couple of extra days.
